I am Muhamad Danendra Prawiraamijoyo, a graduate of SMK Madinatulquran majoring in Software Engineering (RPL) and an active undergraduate student in Informatics Engineering at Gunadarma University. I have experience as an IT Developer in professional projects, internships, and freelance work. I am proficient in using React.js, Next.js, Flutter, and various other tools to build responsive web applications. I also possess strong skills in problem-solving, research, UI/UX design, and effective communication in both Indonesian and English.

## WORK EXPERIENCES

**IT Developer – Part Time**  
*PT. Viktorindo Prima*

*Indonesia*  
*Sep 2024 – Jul 2025*

- Developed the ASN website to provide legal complaint services for Indonesian civil servants.
